REGULATIONS IN TERMS OF SECTION 4(1)(d), 4(2)(b) AND 31(3) OF THE ACT RELATING TO THE USE AND TO APPLICATION PROCEDURES AND CRITERIA FOR THE LICENSING OF RADIO FREQUENCY SPECTRUM LICENCES FOR THE PROVISION OF MOBILE TELEVISION BROADCASTING SERVICES

1. Interpretation

In these Regulations, any word or expression will have the meaning assigned to it in the Electronic Communications Act, No. 36 of 2005 and related legislation and unless otherwise specified:

- a) **“applicant”** means a person who has submitted an application in terms of the ITA;
- b) **“application”** means an application made by the applicant;
- c) **“designated range”** means the unallocated radio frequency spectrum designated for mobile television broadcasting services in terms of the Terrestrial Broadcasting Frequency Plan;
- d) **“mobile television broadcasting service”** means the provision of a television broadcasting service through a mobile device;
- e) **“mobile device”** means cellular mobile handsets or other handheld or portable devices enabled or configured to receive and/or provide mobile television broadcasting services;
- f) **“mobile TV multiplexes”** means mobile TV1 multiplex and mobile TV2 multiplex, and “mobile TV multiplex” shall refer to either of them, as the context shall indicate;
- g) **“mobile TV1 multiplex”** means the multiplex designated as MDTT1 in the Terrestrial Broadcasting Frequency Plan;
- h) **“mobile TV2 multiplex”** means the multiplex designated as MDTT2 in the Terrestrial Broadcasting Frequency Plan;
- i) **“multiplex”** means a network of frequencies used for the purposes of a multi channel broadcasting service;
- j) **“ITA”** means an invitation to apply for a radio frequency spectrum licence for the provision of mobile television broadcasting services over the designated range, issued by the Authority in terms of the provisions of Schedule 1 hereto;
- k) **“Regulations”** means these Regulations and includes any schedule, appendix and all annexes hereto;
- l) **“SABC”** means the South African Broadcasting Corporation Limited;

- m) “**Terrestrial Broadcasting Frequency Plan**” means the radio frequency spectrum plan published by the Authority as part of the national radio frequency plan in terms of section 34 of the Act

2. Purpose of Regulations

The purpose of these Regulations is:

- a) to provide for a regulatory framework for the licensing of radio frequency spectrum within the designated range for the provision of mobile television broadcasting services;
- b) to provide for procedures and criteria for the awarding of radio frequency spectrum licences for the provision of mobile television broadcasting services within the designated range; and
- c) to provide for other matters ancillary thereto.

3. Designation of Use of Radio Frequency Spectrum

- a) Two mobile TV multiplexes of radio frequency spectrum within the designated range, namely, the mobile TV1 multiplex and the mobile TV2 multiplex are hereby assigned exclusively for the provision of mobile television broadcasting services in terms of the Terrestrial Broadcasting Frequency Plan.
- b) One radio frequency spectrum licence shall be issued in respect of each mobile TV multiplex. No person shall be allowed to provide mobile television broadcasting services in respect of both mobile TV multiplexes at the same time.
- c) No data services with a return path shall be provided on any of the mobile TV multiplexes.
- d) Notwithstanding the provisions of regulation 6 below, there shall be one electronic communications network service licensee providing broadcasting signal distribution per mobile TV multiplex.
- e) The holder of a radio frequency spectrum licence issued in accordance with the provisions of these Regulations shall be required to utilise all the capacity available in the mobile TV multiplex assigned to it within a period of 6 (six) months from the date of issue of the licence. Notwithstanding the foregoing, the Authority may, upon application and on good cause shown, grant an extension for such further period as the Authority may deem appropriate in the circumstances.
- f) In the event the Authority is of the view that a licensee has failed to utilise fully the radio frequency spectrum assigned to it, the Authority may withdraw such radio frequency spectrum licence granted to such licensee in accordance with the provisions of section 31(9) of the Act.
- g) The holder of a radio frequency spectrum licence issued in accordance with the provisions of these Regulations shall not be allowed to sell or let the radio frequency spectrum allocated to it.

4. Eligibility To Apply

- a) Any interested person may make an application in accordance with the terms and conditions stipulated in the ITA for use of the radio frequency spectrum within the designated range for the provision of mobile television broadcasting services.
- b) Any applicant who is not a holder of a television broadcasting service licence of a national scope shall provide proof to the satisfaction of the Authority that it has entered into a commercial arrangement with a television broadcasting service licensee holding a television broadcasting service licence of a national scope which will enable it to provide mobile television broadcasting services within the time stipulated in the ITA.
- c) Any applicant who is not a holder of an electronic communications network service to provide broadcasting signal distribution shall provide proof to the satisfaction of the Authority that it has entered into a commercial arrangement with an electronic communications network service licensee to provide broadcasting signal distribution for the purposes of providing mobile television broadcasting services.

5. Application Procedures and Criteria For Awarding Radio Frequency Spectrum Licences for the Provision of Mobile Television Broadcasting Services

- a) Applications for a radio frequency spectrum licence within the designated range shall, in instances where there are competing applications or where there is insufficient radio frequency spectrum available to accommodate demand, be made in accordance with the procedures set out in Schedule 1.
- b) The Authority will award radio frequency spectrum licences, in instances where there are competing applications or where there is insufficient radio frequency spectrum available to accommodate demand, in accordance with the criteria set out in Schedule 1 and any other relevant provisions of these Regulations.

6. Carriage of Public Broadcasting Services

The holder of a radio frequency spectrum licence issued in accordance with the provisions of these Regulations:

- a) shall set aside at least 20% (twenty percent) of the capacity within the relevant mobile TV multiplex allocated to it, for the provision of public broadcasting services by the SABC. The provisions of this sub-regulation shall apply *mutatis mutandis* to the SABC; and
- b) may, subject to the provisions of sub-regulation 3(b) above, carry and broadcast programmes or channels of other broadcasting service licensee/s pursuant to a commercial agreement with such other broadcasting service licensee/s; provided that the number of programmes or channels of such other broadcasting service licensees shall not in the aggregate exceed its own programmes in the relevant mobile TV multiplex.

7. Duration of Licence

The radio frequency spectrum licence issued pursuant to the provisions of these Regulations shall be valid for a period of 15 years from the date of issue thereof or a period equal to the term of the television broadcasting service licence utilized by the holder of the radio frequency spectrum licence for the provision of the mobile television broadcasting service concerned, whichever is the earlier.

8. Offences and Penalties

Any person who fails to comply with:

- a) the provisions of regulations 3(c), 3(g) and 6(a) shall be guilty of an offence and, upon conviction, be liable to a fine not exceeding R750 000.00 (seven hundred and fifty thousand rand);
- b) any other provision of these Regulations shall be guilty of an offence and, upon conviction, be liable to a fine not exceeding R250 000.00 (two hundred and fifty thousand rand).

9. Resolution of Disputes

Resolution of disputes between holders of a radio frequency spectrum licence within the designated range shall take place in accordance with the provisions of section 33 of the Act.

10. Effective Date

These Regulations will take effect on the date published in the Gazette.

11. Short Title

These Regulations shall be called "Regulations Relating to the Use and Licensing of Radio Frequency Spectrum For the Provision of Mobile Television Broadcasting Services".

12. Amendment and Repeal of Regulation

The Authority may amend or repeal these Regulations by notice in the Government Gazette.
